

Uzbekistan, *minus the planning spiral.*

This is demonstration copy for the storefront prototype—not the final paid guide.

Planned format: a first-timer route through Uzbekistan's main Silk Road cities,
designed to stay useful on your phone.

01Tashkent · arrive, orient and handle the practical details

02Samarkand · tiled architecture with a route that breathes

03Bukhara · slow courtyards, old-city walks and an easy finish

The practical layer

- A day-by-day Tashkent → Samarkand → Bukhara route
- Fast-train booking guidance and station notes
- Where to stay without over-researching
- Halal-friendly food and modest-travel context
- Photo stops, saved maps, packing notes and budget guidance

Visa rules, train timetables, fares and opening hours change. The final guide will carry an update date and point travellers to official checks where needed.
